Universal Wealth & Health

The Visionaries do have a great vision: we see soaring standards of living; we see all the people becoming wealthy, including the poor. We see all the people gaining good health, including the elderly.

Actualizing Universal Wealth and Health

In this age of rapidly advancing technologies, in a time when buying power can rapidly soar as we have seen with the computers, Visionaries realize that all citizens can soon experience multiplying buying power and great wealth if the government returns to its one proper purpose of *protection only* and removes itself from its improper purpose of promoting the “social good”. The *full* dynamics of this return to a protection-only government and the resulting explosion of freedom and wealth for the people in this age of rapidly advancing technologies can be clearly seen in the TVP National Platform. You will witness why we are *the* political party to make *all* the people wealthy and healthy, including the poor and the elderly. Universal wealth and health is now actually possible. The Twelve Visions Party exists to actualize that possibility.

Unprecedented Wealth, Health, and Safety

The Visionaries envision a profoundly free, wealthy, healthy, and safe society protected by rule of flawless law. That Prime Law of Protection — no initiatory force — applies to and restricts government itself. Therefore, a government unable to use initiatory force on its people ends all power-building, force-backed, political-policy legislation and regulations for the “social good”. Without force-

backed agenda-law, without force-backed political-policy regulations, without force-backed ego-“justice”, then entrepreneurs, businesses, and their super technologies are held back no longer. What we witnessed during the relatively unregulated computer revolution will occur across all industries (including the medical industry) to bring us a Great Technological Revolution. For the first time on our planet, a government would set free a Great Technological Revolution not just in the computer industry, but in *all* industries, quickly bringing unprecedented wealth, health, and safety to all citizens.

The Millionaire-Phenomenon

The flawless Prime Law, not flaw-filled men and women, not agenda-and-ego-driven lawmakers, will direct all political decisions and actions and restrict them to protection from initiatory force. At that fundamental essence of government — protect the people from initiatory force — not just politicians and bureaucrats, but all people can determine the proper protection-only laws. Who is in office becomes irrelevant; personal agendas and endless opinions become irrelevant; party affiliation becomes irrelevant; what party holds power becomes irrelevant. The Prime Law of Protection and nothing more remains relevant. Flaw-filled man no longer controls government. The consequences of those decisions and actions locked down to the Prime Law will be staggering as *fully* demonstrated in the TVP National Platform.

Without political agendas, policies, and egos controlling legislation and regulations, the geniuses of society will finally be free to accelerate the Technological Revolution and drive our buying power higher than we have ever seen. This millionaire-phenomenon will come to all people, including the poor, as demonstrated in the TVP National Platform. Other spectacular consequences are shown in the National Platform as well, such as unprecedented health, happiness, love, peace, security, and safety. At the state level, popular planks listed by the Republicans and popular planks listed by the Democrats will either be moved eventually to the private sector if they have nothing to do with the one proper purpose of government — physical protection — or will fall under the Prime Law of Protection.

TVP Planks & Consequences

Rule of Flawless Law to Replace Rule of Flaw-Filled Man: Throughout history, the more that societies moved away from rule of man to rule of rational law, the more prosperity the people enjoyed. The Twelve Visions Party presents and supports the Prime Law. All party members will sign the TVP Contract that binds all decision-making to the Prime Law, as shown in the TVP National Platform. The Prime Law completes the long evolution from rule of flaw-filled man to rule of flawless law. The result will be an unprecedented prosperity-explosion for the people.

Protection-Only Budget: Imagine all taxpayers' dollars and government's efforts going toward protection, which includes protection-only legislation, police, courts, and prisons. Crime would decrease dramatically. Taxes would decrease dramatically. The geniuses of society, without the bogus government-on-the-offense holding them back, would cause our wealth and health to soar. (The TVP National Platform gives a better understanding of the unprecedented wealth that will result from the Protection-Only Budget and its government-on-the-defense. The principle applies at both the federal and state levels.)

Depoliticize and Deregulate: End politicization and regulation of our lives and businesses via the Prime Law of Protection and the Protection-Only Budget. Get down to the one proper purpose of any government: protection from initiatory force, threat of force, or fraud. By removing the bogus purpose of government, specifically regulatory programs for the "social good", the Twelve Visions Party removes the massive and improper government control over our lives and businesses. By getting government out of our lives and out of our businesses altogether, we free the geniuses of society to do wonderful things for us, as follows:

Unprecedented Security: The people will be well taken care of by the geniuses of society, rising by the many millions as the Twelve Visions Party ends most government regulations. The millions of freed geniuses will drive technologies into new dimensions that bring undreamt of values to the people...remarkable values that meet and surpass people's needs and solve their problems.

Universal Wealth: The costs for those new technologies will keep falling toward

zero, similar to the personal computers during the computer revolution. The Great Technological Revolution will happen in all industries and make ordinary people more and more wealthy as costs in all industries keep falling.

Universal Health: The new technologies, racing ahead in all industries, will especially race ahead in the medical industry without the destructive cost-prohibitive FDA regulations holding the geniuses back. The geniuses will eradicate disease after disease, and their soaring new technologies will drive down medical costs. People will live with increasingly better health for increasingly longer lives.

Job Explosion & Evolution: Businesses will strive to keep up in the rapid progress of the Great Technological Revolution; everything will change as businesses, to stay competitive, concentrate on bringing out their greatest asset — the unique creativity of their employees. Ordinary people will experience exhilarating entrepreneurial-like jobs at their places of work, and they will love going to work as they discover the creation-driven life, the life they were meant to live.

Extraordinary Marriages & Love: The wonderful falling-in-love feelings in the early weeks of romantic relationships will tend to return. Why? People will rise from a life stuck in stagnation. They will rise into the creation-driven life of their dreams. With that growing source of happiness inside, filling them and overflowing into their romantic relationships, they will forever feel the power of love.

Educating Geniuses: Our children and grandchildren will become “smarter” than today’s smartest people. In tomorrow’s Twelve-Visions-World education, children will be taught how to integrate knowledge to build success and lead themselves. They will see through illusions and will no longer need or want to be led by “authorities”. The need for a ruling class and its regulations will become repulsive to the graduating self-leaders tomorrow. Our children will grow up to live a creation-driven life — the happy and prosperous life they were meant to live. The old structure of education cannot compete against the new mentality and yields to the coming schools of geniuses. (To understand more on education, see the TVP National Platform.)

Eradicating Crime & Terrorism: The fear of terrorism will rapidly decline, and

crime will nearly cease. The Twelve Visions Party will concentrate every action and every dollar toward *one* purpose: **protect the people from initiatory force**, as declared in the Prime Law introducing all TVP State Bylaws and Platforms. Safer-living statistics will soar.

Conclusion

When a 20th-century visionary (Henry Ford) discovered that the workers should not manage the work, rather the work should manage the workers...society experienced an enormous prosperity-explosion. Mass production was created, which accelerated the Industrial Revolution. The people's buying power — their wealth — skyrocketed.

When a 21st-century visionary (Mark Hamilton) discovered that the flaw-filled lawmakers, judges, and bureaucrats should not control the laws,¹ rather the flawless Prime Law should control the flaw-filled lawmakers, judges, and bureaucrats...society became poised to experience another enormous prosperity-explosion. Unleashed geniuses of society and non-restricted super technologies will accelerate the Technological Revolution. Once again, the people's buying power — their wealth — will skyrocket. (The TVP National Platform gives a clear demonstration of this millionaire-phenomenon for ordinary people.)

Indeed, the Twelve Visions Party is *the* Party to make the people rich, including the poor. **That is our Vision!** We have reached a rare moment in time and technology that could literally make all people wealthy. The Twelve Visions Party clearly recognizes and reaches for the switch to ignite the prosperity-explosion.

¹Misinterpretation of the U.S. Constitution, often through ego “justice”, steadily opened the way for lawmakers and justices to control the laws. The Prime Law forever ends that steady, backward trend from the rule of law to the rule of man. Rule of law — the flawless Prime Law of Protection — will permanently reassert itself as an amendment to the [state name] State Constitution and , eventually, the U.S. Constitution.
